Notice of Possible Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there may be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003: Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of any fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Response to Amendment

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive based on the changes made to the language of the claims in the amendment filed 10/22/02 and, therefore, the finality of that action is withdrawn.

2. Claims 1-24 were pending in this application. Claims 1, 2, 5, 13, 14, 23, and 24 have been canceled by the amendment of 10/22/02. The remaining claims 3, 4, 6-12, and 15-22 have been examined.

Allowable Subject Matter

3. Claims 3, 4, 6-12, and 15-22 are allowed.

4. The following is an examiner's statement of reasons for allowance: In the previous Office Action in the case, claims 1, 2, 5, 13, 14, 23, and 24 were rejected under 35 USC 102(b) as being rejected as being anticipated by Herbert '919. The remaining claims were objected to as being based on rejected base claims but were thought to be allowable if rewritten in independent form so as to include all of the limitations of the base claim and all intervening claims. In the

Art Unit: 2132

amendment of 10/22/02 the Applicant canceled all of the previously rejected claims and has rewritten the rest in independent form so as to include all of the limitations of the base claim and all intervening claims. Therefore the reasons for objecting to them has been removed.

Claims 3, 4, 6-12, and 15-22 are allowable since the closest prior art in the field, Herbert et al. US Patent 5,757,919 does not teach the features of generation of a hash seed value used in the creation of a storage key which is used in the encryption of downloaded information, and then associating downloaded access predicates with the encrypted content, and then storing the encrypted content with the associated access predicate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
